EUROPEAN CONFERENCE ON NON-DESTRUCTIVE TESTING

FIRST ANNOUNCEMENT

AIPnD - Italian Society for Non-Destructive Testing

Message from EFNDT PRESIDENT

We are very pleased to extend a cordial invitation to participate in the European Congress of Non-Destructive Testing (ECNDT) to be held in the historic and charming city of Verona, Italy, in 2026.

As President of the European Federation of Non-Destructive Testing (EFNDT), your presence and contribution to this prestigious event would be invaluable.

The ECNDT is a unique platform that brings together the most prominent professionals and experts in the field of non-destructive testing, providing an exceptional forum for the exchange of knowledge, innovations and best practices.

At the conference, you will have the opportunity to share your valuable insights on the latest developments in the industry, participate in discussions on the challenges and opportunities of the sector, and contribute to the formation of future strategies that drive the progress of non-destructive testing in Europe and beyond.

We look forward to your acceptance of this invitation and we trust that your participation will significantly enrich the congress program.

Fermin Gomez
EFNDT President

EF European Federation for
Non-Destructive Testing
NDT

The EFNDT with its more than 25 years of history continue promoting the advancement of Non-Destructive Testing (NDT) technologies and practices across Europe. Our commitment is to foster excellence in the NDT community through collaboration, education, and innovation.

The overall mission of EFNDT is to bring together the resources of the national societies and organisations involved in NDT in Europe to create a more effective and more valuable voice for industry, the professions, users and the wider community. The EFNDT wants to continue being the voice of the NDT community in Europe, being the point of union between all NDT societies and all organizations with an interest in NDT.

The European Federation for Non-Destructive Testing (EFNDT) is pleased to invite all professionals in the Non-Destructive Testing (NDT) sector to participate in the 14th European Conference on Non-Destructive Testing (ECNDT), which will be held in Verona, Italy, in 2026.
